**Bridgewater Inn and Cottage** has three suites that offer ultimate comfort and each detail has been carefully considered for our guest. Romance, elegance, tranquility, and privacy describe the ambiance of Bridgewater Inn and Cottage. Enjoy a special place for your special moments. Each suite has a private entrance. Having individual suites separated from one another, solves noise transfer from room to room, a major concern in historic inns. The crying baby, loud T.V., music or intimate noises are yours and yours alone.

The three suites have cottage privacy but bed and breakfast amenities. Breakfast is served in each suite at a time of your choice, enjoy in your P.J.'s or our robes.
